Vacancy Chiropractor M/F parttime or fulltime

Chiropractie is looking for an ambitious chiropractor. It concerns a fast-growing practice located in a large medical center close in the Eindhoven area. Are you enterprising, decisive with a heart for care? Then we are looking for you.

What does chiropractie Aalst-Waalre have to offer?

- Located in a new medical center with no fewer than 21 different (and referring) disciplines including general practitioners, physiotherapists, child health center, podiatrist, psychologist and dentist;
- The practice is located on the outskirts of Eindhoven in the sports-epicenter of the city;
- Hosting many expats in our practice due to Eindhoven being the brainport-region;
- Beautiful, large workspace with lots of windows and a new treatment bench with automatic drops (we like to take care of patients but also ourselves);
- Spacious coffee room where all disciplines have a coffee break and lunch together;
- Good working conditions and flexible working hours;
- The salary is a percentage of your turnover;
- An educational environment in which you are stimulated to bring out the best in you;
- Good coffee in abundance, and above all a lot of fun in the workplace.

Who are you?

- You work well in a team with other medical professionals;
- Already in possession of a diploma in chiropractic from an accredited education;
- You master the Dutch language or are willing to learn it;
- You are enterprising, proactive and willing to stimulate practice growth;
- Following courses, continuing education and training are important to you for the development of your personal growth;
- You can get used to the fish shop next door and our BBQs.

Chiropractie

Aalst-Waalre
